## GREECE IS RUSHING PREPARATIONS FOR WAR

### TIME GIVEN TURKS AT LAUSANNE WILL EXPIRE VERY SOON

PREPARATIONS BEING MADE TO  
CROSS THE MARITZA AND  
START OFFENSIVE

WOMEN AND CHILDREN ARE  
SAID TO BE FLEEING FROM  
ADRIANOPLE

(By United Press)

#### PEACE WINS IN END

Lausanne, May 26.—In the face of a war threat, the Greeks and Turks today voted a satisfactory solution of their long dispute over reparations. After the conference with Allied members it was announced that the controversy was "practically settled."

M. Venizelos, leader of the Greek delegation, as he came from the conference room shouted to the waiting newspaper men "Peace!"

Athens, May 26.—Preparations for war are being openly rushed by Greece today, as only a few hours remain until the ultimatum handed the Turks at Lausanne expires. Officers and troops have been hurriedly called in from leave.

It is reported that preparations are being made to cross the Maritza and start an offensive against the Turks. Troops are being concentrated here. Women and children are said to be fleeing from Adrianople in fear of the concentrated Greek advance.

The ultimatum was handed the Turks by M. Alexandris, Greek minister at Lausanne, where Ismet Pasha, Turk envoy at the Near East peace conference, refused to accept any of the demands laid down by the Athens government for payment of reparations. It expires today.

War is being openly urged by Athens if the final conference between M. Alexandris and Ismet Pasha fails to find a solution. The Allies, including the American minister, are attending a conference where efforts are being made toward mediation, though there seems little likelihood that either side will abandon its position.

#### POLICY IN DARDANELLES DISCUSSED AT CONFERENCE

Constantinople, May 26.—Admirals and generals were called into conference with the British ambassador to discuss policies in the Dardanelles if Greek and Turks carry out their war threat.

Final reports from the Maritza front were not conciliatory, and characterized the situation as extremely serious.

#### MORE CONCILIATORY MOOD NOW SHOWN

Lausanne, May 26.—Faced with war, the Turks and Greeks showed a more conciliatory mood in the special conference called this morning in a last minute effort to prevent hostilities.

The tension here is slightly relaxed, following pressure of allied interests, and in view of this pressure it is thought that the principals will not start hostilities but will listen to new proposals.

#### Federation of Women's Clubs Elect Officers

Canby, Min., May 26.—Mrs. M. Welch of Litchfield was elected first vice president to the seventh district Federation of Women's clubs in the closing session of the convention here.

Mrs. A. L. Stone of Benson is serving the second year of her term as president.

Other officers elected are Mrs. Wylie Laws, Appleton, second vice president, and Mrs. Charles Orth Morton, treasurer.

## Water Tower Grounds are to be Improved Soon

### BACK TO SCREEN FOR BILL HART

(By United Press)  
Los Angeles, May 26.—Bill Hart, the good "bad man" of the movies, is going to pick up his guns and back to the screen.

Jesse L. Lasky, producer, made this announcement today after it was learned that Hart was cleared of scandal in connection with an illegitimate child. The scandal now is over, Lasky said. Immediately after the accusations were made, Lasky said, Hart refused to engage in any further pictures, saying "I will never engage in another film until I have convinced the public that I am worthy, and I will stay outside the profession until the charges are dropped."

Lasky added that a new contract for more Bill Hart pictures now is being drawn up and will be signed within a few days.

### FORD WILL BE UP AS A CANDIDATE

#### WILL GO BEFORE DEMOCRATIC CONVENTION FOR PRES- DENCY

(Copyright 1923 by United Press)  
Washington, May 26.—Henry Ford's name will be before the democratic convention in 1924 as a presidential candidate, unless he expressly forbids it.

Ford may not be interested in the presidency as yet, but in the same breath he gives us a national and international program that reads like a platform of a political candidate. But, whether he is temporarily not interested or is simply holding back, as some astute politicians think, the democratic party needs Ford in the race—for a while.

With the McAdoo campaign being pushed with vigor, the party needs Ford, and Ford's support would put McAdoo over. A two-thirds vote is required to nominate at the democratic convention. That is difficult to obtain, and, in 1924, unless some amazing harmonizing influence turn up, it will be unobtainable by any but the strongest. Ford's strength is what politicians call "natural strength."

It lies with the people and not with politicians. But politicians and not the people control the convention. The McAdoo strategy is less the popular strength, but it is accumulating force among possible delegations to the convention. Some of Ford's popular strength may be switched to McAdoo.

With McAdoo and Ford, both are progressives, as contrasted with Underwood, Glass, Davis, Al Smith, Cox and other democratic possibilities. Either would gather many republican votes in an election.

#### FIERY CROSS FLAMES AT MACALESTER COLLEGE

(By United Press)  
St. Paul, May 26.—A fiery cross, emblem of the K. K. K., was discovered late last night on the flagstaff at Macalester college.

Students were exonerated following a brief investigation. Police and college officials were at a loss to explain the demonstration. No klansmen or anyone else were seen near the flagstaff after the blaze was discovered.

St. Joseph, Mich., May 26.—Walter M. Nelson, Detroit attorney, was sent to jail yesterday for 30 days by Judge Dingeman of Detroit, following Nelson's appearance before the state's one man grand jury investigation here into the House of David colony. As Nelson was being taken to the county jail by Sheriff Bridgman, he said: "I've told everything I know."

### SENATORIAL RACE NEARING POLITICAL TRAVESTY, CLAIMED

SEVEN OR EIGHT REPUBLICANS  
3 FARMER-LABORITES, ETC.  
IN CONTEST

IN SPITE OF RESTRAINT EXERCISED, CONGRESSMAN SYDNEY ANDERSON FILED

(By United Press)

St. Paul, May 26.—The senatorial scramble was fast becoming a political travesty today. When entries close next Tuesday, there likely will be seven or eight republicans, three farmer-laborites, and a democrat or two, seeking the nomination of their respective parties.

Political writers poked fun at the candidates and the public generally responded to the ridicule.

Serious efforts to restrain Congressman Sydney Anderson were of no avail. He filed today for the republican nomination. It is reported that Congressman Harold Knutson headed the administration fight to have the congressman remain out of the race.

L. A. Fritzsche, mayor of New Ulm, joined the Farmer-Labor race, filing to oppose Magnus Johnson, Meeker county farmer, and Charles A. Lindbergh, former congressman from Little Falls.

The republican entries formally filed in the race are Judge Oscar Hallam, Ernest Lundeen, Congressman Thomas D. Schall, and Congressman Sidney Anderson. Governor J. A. O. Preus was expected to file today. Victor Power, mayor of Hibbing, expects to file today, and J. A. A. Burnquist, former governor, was strongly urged to join the race.

Senator James A. Carley of Plainview is the only democrat to date. Democrats are urging Anna Dickie Olesen, who ran with Frank B. Kellogg and Dr. Henrik Shipstead for senator last fall, to enter the primary June 18.

With no political conventions to be held for elimination purposes, the republican contest at present is complicated to the extent that political wise men are at sea.

Heretofore the parties have held elimination conventions to show preference and weed out undesirable candidates. The legislature abolished the convention system, a pet idea of Governor Preus. A mad scramble has been the result of the removal of the restraint.

#### DEATH CAME TO SHIP'S CREW FROM THE AIR

London, May 27, (United Press).—A mysterious, malaria-like African disease, supposed to have been caused by mosquito bites, caused the death of one passenger and seven members of the crew of the Union Castle liner Gartá Castle.

While off Beira, Portuguese East Africa, the ship was visited by swarms of mosquitos, and, as the liner had been remarkably free from sickness, it is supposed that the subsequent epidemic was caused by infected mosquito bites. A dozen members of the crew were quickly struck down, the symptoms being similar to malaria, but much more ravaging.

No known treatment could be applied and a woman passenger, an engineer officer, and purser, three stewards and two seamen died on the homeward journey. They collapsed suddenly and rapidly became delirious, dying under conditions which completely puzzled the ship's doctor. As suddenly as it arose, the epidemic died down, and despite special quarantine investigations, no satisfactory medical explanation could be found.

### STILL WITH 1,000 GALLON DAILY RUN TAKEN BY OFFICERS

(By United Press)  
St. Paul, May 26.—A still producing 1,000 gallons of moonshine daily and apparatus for turning out rum was taken by federal agents last night in a raid of Wheelock Parkway.

Three stills of 100-gallon capacity were seized, together with 2,900 gallons of mash, 125 gallons of moonshine and 170 gallons of molasses. The molasses was used in brewing the rum, it was said. Nick Hildebrandt was arrested, and three other arrests were expected today.

### PREUS AND POWER FILING TODAY

#### SEEK TOGA OF LATE SENATOR KNUTE NELSON ON REPUB- LICAN TICKET

(By United Press)  
St. Paul, May 26.—Governor J. A. O. Preus and Victor Power, mayor of Hibbing, filed today for the republican nomination for United States senator to succeed the late Senator Knute Nelson.

There are now six republicans seeking the nomination. Others may file. The entrance of both Governor Preus and Power was anticipated. The mayor came in following a boom developed on the iron range. He is very popular with labor.

St. Paul democrats today sent a delegation to Lloyd Olson, Hennepin county attorney, asking him to join the race. It is understood that Olson did not consent to carry the banner of the party.

Voters will be treated to the spectacle of three farmer-labor candidates opposing each other for the nomination and speaking from the same platform during the campaign. Magnus Johnson, Charles A. Lindbergh and L. A. Fritzsche are said to have agreed to cooperate in putting the farmer-labor party to the front. Each has pledged to do his best.

#### HOTEL FOR ST. PAUL TO COST \$4,500,000 UNDER CONSIDERATION

Minneapolis, May 26.—Erection of a \$4,500,000 hotel, 27 stories high and containing 750 guest rooms, to be located on the northwest corner of Fourth and St. Peter streets, St. Paul, is being planned by an association of northwest hotel men.

Walter S. Bright of St. Paul and a group of hotel men, including James K. Galbaugh, for 14 years manager of the Hotel Morrison, Chicago; Robert H. Boreland, formerly manager of the Union League and Hamilton clubs, Chicago, and more recently manager of the Hotel Windsor, Cleveland, and Harry Rier, manager of the Illinois Athletic club, Chicago, are sponsoring the project.

The date of starting construction has not yet been determined, it was announced.

#### TWO ARE KILLED IN CROSSING ACCIDENT

Camp Douglas, Wis., May 26.—Wayne W. Smith, cashier of the Lyndon State bank, and another person riding with him were instantly killed today when the automobile in which they were traveling was struck by a Mineral Point & Northern train on a crossing here.

Juneau county officials are investigating.

#### British-Arab Treaty Signed by King Hussein

London, May 26.—King Hussein of the Hedjras has signed the treaty with Great Britain which recognized Arab independence and regards Palestine as within the Arab zone. It does not modify the present form of government for the Holy Land.

### WATER & LIGHT BD. TAKES OVER WORK BEAUTIFYING SITE

RAUBISH IS BEING HAULED  
AWAY AND HEAVY LAYER OF  
BLACK DIRT ADDED

NEW FOUNTAIN TO BE BUILT,  
TREES AND SHRUBS WILL  
BE PLANTED

This summer Brainerd will have another marked improvement in its dress. The grounds around the water tower are being improved. This ground belongs to the Northern Pacific railway company and was to have been beautified by it when the tower was completed, but the war and later the financial status stopped such expenditures.

The water and light board has obtained permission to do this work, rather than wait longer for the railway company, and is now engaged in leveling the ground. Rubbish is being hauled away and a heavy layer of black dirt will be used as a covering. The fence will enclose a plot of ground about a half-block square.

Grass will be seeded and some shrubs and trees planted. The old fountain will be taken down, and, as now contemplated, another fountain will be built in front of the tower.

Undoubtedly the ground surrounding the tower will be one of the beauty spots in Brainerd, and that is what it should be. Brainerd Beautiful is just as good, if not better, than "Bigger Brainerd."

Beautify Pumping Station Grounds  
Among other improvements now being made by the water and light board is the beautifying of the grounds around the pumping station. Clean grounds, clean buildings, clean water "three in one," that is the way people view it.

A concrete stairway is being built now and a narrow cement walk leads from the stairway to the top of the hill.

A wire fence will be built around the entire grounds, to keep out cattle and prevent promiscuous trespassing. The fence will have a gate for teams and another for pedestrians, and at these entrances the fence will be of an ornamental type.

This news will be received with approval. City property generally is too easily neglected and does not always present as neat and pleasing an appearance as property of private owners.

#### FORD ENGINEERS MEET U. S. OFFICIAL ON PLANT

St. Paul, May 26.—Ford engineers and C. F. Williams, government engineer in charge of improvements on the Upper Mississippi river, were in conference yesterday regarding the plans of the Ford Motor company for the erection of a manufacturing plant at the high dam. H. H. Manning and J. H. Hageman, of Boston, representing the contracting firm which will build the Ford twin city plant, came to the twin cities from Washington with complete plans Mr. Williams must approve the plans for the powerhouse, which is to be erected on the government's foundation, before the Federal Power commission can grant Ford the permanent license, for which application has been filed. The two engineers will go to St. Louis to obtain approval of the application from Colonel C. L. Potter, engineer in charge of the entire Mississippi district before returning to Washington.

Peking, May 26.—A foreign diplomatic mission will be sent to Tsao Chwang immediately to investigate the situation created by the threats of Chinese bandits who are holding foreigners as hostages.

This announcement was made in a note sent to the Chinese government Saturday by the foreign diplomatic corps here.

### NON-STOP FLIGHT TO GREAT LAKES

(By United Press)  
Houston, Tex., May 26.—Lieutenant Harrison G. Crocker, flying a special DeHavilland plane, took off from Ellington field here at dawn on a non-stop flight to the Great Lakes.

Crocker will attempt to make the flight to Selfridge field, a distance of about 1400 air miles, in 14 hours. He is carrying nearly 240 gallons of gas.

Lieutenant L. S. Andrews hopped off close behind Crocker, and will follow as far as Pine Bluffs, Arkansas.

Crocker's route is through Arcadia, Louisiana; Forest City, Arkansas; Caruthersville, Missouri; Hickman, Kentucky; Metropolis, Illinois; Princeton, Indiana; Hartford City and Decatur, Illinois, then east of Defiance, Ohio, and then to Selfridge field.

### RAILWAYS ARE GIVEN THOUGHT

#### WILLIAM J. BRYAN BEGS THEM TO REMEMBER THEIR CREA- TORS

(By United Press)  
Chicago, May 26.—Railroads of America were warned to "remember their creator" by William Jennings Bryan in addressing the national conference on lower railroad valuation here today.

Bryan, in speaking to 300 progressive leaders, said:

"Every railroad corporation should have this quotation on the top of its letterhead:

"Remember now thy creator, and then thy country, and then your life."

"Every person is put on earth to work out some purpose of the Lord, but many times man forgets he is only a creature and thinks he is a master of creation," said the commoner in a striking analogy of the country and railroads. "A lower valuation of railroads is wise," Bryan said.

While he prefers the present basis of ownership, the companies, he feared, will force the country to government ownership, because private ownership is intolerable.

But, while we have private ownership, we want it regulated insofar as possible.

#### BASEBALL WRANGLE SPLITS S. D. TOWN

Dell Rapids, May 25.—Dell Rapids has been split wide open over the question of baseball. A short time ago, after a verbal exchange of accusations and denials regarding an alleged scandal in financing last year's ball team, two clubs were formed.

Practically all business interests and high officials of the town have been drawn into the argument. The old management continues to do business with the endorsement of the American Legion and former Mayor W. C. Nisbet, with a new team rallied into existence backed by Mayor L. G. Larson, recently elected, and the principal business men of the town.

Rumors say the baseball chasm is an outgrowth of the recent mayoralty election and that the defeated candidate now proposes to resurrect the political issue and settle it on the diamond. This is denied.

It is admitted, however, by those close to the former mayor that although he never was a fan he was induced to throw his support to the old baseball management in the hope of gaining political strength.

There are other complicated features in the split. The commercial club has not acted officially on the matter but most of its members are for the new team. While the rank and file of the Legion favor the old team, the officers have come out vigorously in support of the newer one. Both factions say the fight will be carried out all summer.

### FRENCH TROOPS 'KEEP HANDS OFF' IN GERMAN FIGHTS

LOOTING BANDS OF COMMUNISTS  
MARCH THROUGH RUHR  
VALLEY

FIVE WOUNDED IN A CLASH  
NEAR DORTMUND EARLY  
THIS MORNING

(By United Press)  
Berlin, May 26.—Looting bands of communists marched through the industrial stronghold of the Ruhr valley today, opposed only by diminutive forces of German civil police. The French troops are "keeping hands off."

Five were wounded in a clash near Dortmund early this morning. The Reds of that district have rejected proposed wages increases and additional employees of industrial plants near the city are being urged to join the communist forces.

The workers fought with police in Bochum and five were wounded in the clash. Business places were damaged and an attempt was made to burn some of the offices. Stores were looted.

The situation appears worse today than at any time during the last several weeks. The government is hard-pressed and preventive measures consist almost solely of appeals to the French to increase police forces.

Dusseldorf trolley systems are reported out of operation and electric light plants are not functioning after the strike.

Peaceable demonstrations of workers were reported at Herne.

#### TIED TO POST AND RIDDLED WITH BULLETS

Dusseldorf, May 26.—Tied to a post, riddled with bullets by a firing squad and then dispatched with a "mercy bullet" in the head, Lieutenant Schligger was executed today by the French army of occupation.

Schligger was accused by the French of being engaged in committing acts of sabotage to hinder the French in their occupation of the Ruhr valley. His was the first death penalty imposed.

At dawn they marched him to the place of execution between files of troops. He submitted to the ordeal without a motion and was tied to the post.

Owing to the daily increase of sabotage on railroads, General DeGout, commanding the French army, announced that that would be the penalty for such practices hereafter.

#### ONE KILLED, 15 WOUNDED AT BOCHUM

Bochum, Germany, May 26.—One person was killed and 15 wounded today when communists attempted to compel a group of laborers to desert their work. Under pressure from communists strikes are spreading throughout the entire Ruhr valley region.

#### SEARCH FOR SLAYER OF A POLICEMAN

(By United Press)  
Madison, Wis., May 26.—An army airplane and 15 auto loads of armed police and volunteers started early today to scour the lake territory in Dunne, Greene, and Rock counties in an effort to locate J. L. Whitfield, wanted in Cleveland for the murder of a policeman.

Whitfield's stolen car is believed by police to be short of gasoline, and he is thought to have headed east after he stopped at a farmhouse to ask for money 8 miles south of here. He is believed to be hiding in one of the vacation cottages on one of the small lakes near here.

It is reported that preparations are being made to cross the Maritza and start an offensive against the Turks. Troops are being concentrated here. Women and children are said to be fleeing from Adrianople in fear of the concentrated Greek advance.

The ultimatum was handed the Turks by M. Alexandris, Greek minister at Lausanne, where Ismet Pasha, Turk envoy at the Near East peace conference, refused to accept any of the demands laid down by the Athens government for payment of reparations. It expires today.

War is being openly urged by Athens if the final conference between M. Alexandris and Ismet Pasha fails to find a solution. The Allies, including the American minister, are attending a conference where efforts are being made toward mediation, though there seems little likelihood that either side will abandon its position.

#### POLICY IN DARDANELLES DISCUSSED AT CONFERENCE

Constantinople, May 26.—Admirals and generals were called into conference with the British ambassador to discuss policies in the Dardanelles if Greek and Turks carry out their war threat.

Final reports from the Maritza front were not conciliatory, and characterized the situation as extremely serious.

Other officers elected are Mrs. Wylie Laws, Appleton, second vice president, and Mrs. Charles Orth Morton, treasurer.

Ford's disclaimer of interest does not "get over" with politicians, who hold that no man is too big to be interested in the presidency if there is any chance of getting it. They admit that Ford is "different," and that his popularity is great in the midwest and south, but they believe that he is simply biding his time.

### HOTEL FOR ST. PAUL TO COST \$4,500,000 UNDER CONSIDERATION

Minneapolis, May 26.—Erection of a \$4,500,000 hotel, 27 stories high and containing 750 guest rooms, to be located on the northwest corner of Fourth and St. Peter streets, St. Paul, is being planned by an association of northwest hotel men.

Undoubtedly the ground surrounding the tower will be one of the beauty spots in Brainerd, and that is what it should be. Brainerd Beautiful is just as good, if not better, than "Bigger Brainerd."

Beautifying Pumping Station Grounds  
Among other improvements now being made by the water and light board is the beautifying of the grounds around the pumping station. Clean grounds, clean buildings, clean water "three in one," that is the way people view it.

A concrete stairway is being built now and a narrow cement walk leads from the stairway to the top of the hill.

A wire fence will be built around the entire grounds, to keep out cattle and prevent promiscuous trespassing. The fence will have a gate for teams and another for pedestrians, and at these entrances the fence will be of an ornamental type.

This news will be received with approval. City property generally is too easily neglected and does not always present as neat and pleasing an appearance as property of private owners.

### FORD ENGINEERS MEET U. S. OFFICIAL ON PLANT

St. Paul, May 26.—Ford engineers and C. F. Williams, government engineer in charge of improvements on the Upper Mississippi river, were in conference yesterday regarding the plans of the Ford Motor company for the erection of a manufacturing plant at the high dam. H. H. Manning and J. H. Hageman, of Boston, representing the contracting firm which will build the Ford twin city plant, came to the twin cities from Washington with complete plans Mr. Williams must approve the plans for the powerhouse, which is to be erected on the government's foundation, before the Federal Power commission can grant Ford the permanent license, for which application has been filed. The two engineers will go to St. Louis to obtain approval of the application from Colonel C. L. Potter, engineer in charge of the entire Mississippi district before returning to Washington.

Peking, May 26.—A foreign diplomatic mission will be sent to Tsao Chwang immediately to investigate the situation created by the threats of Chinese bandits who are holding foreigners as hostages.

This announcement was made in a note sent to the Chinese government Saturday by the foreign diplomatic corps here.

### NON-STOP FLIGHT TO GREAT LAKES

(By United Press)  
Houston, Tex., May 26.—Lieutenant Harrison G. Crocker, flying a special DeHavilland plane, took off from Ellington field here at dawn on a non-stop flight to the Great Lakes. Crocker will attempt to make the flight to Selfridge field, a distance of about 1400 air miles, in 14 hours. He is carrying nearly 240 gallons of gas.

Lieutenant L. S. Andrews hopped off close behind Crocker, and will follow as far as Pine Bluffs, Arkansas. Crocker's route is through Arcadia, Louisiana; Forest City, Arkansas; Carruthersville, Missouri; Hickman, Kentucky; Metropolis, Illinois; Princeton, Indiana; Hartford City and Decatur, Illinois, then east of Defiance, Ohio, and then to Selfridge field.

### RAILWAYS ARE GIVEN THOUGHT

#### WILLIAM J. BRYAN BEGS THEM TO REMEMBER THEIR CREA- TORS

(By United Press)  
Chicago, May 26.—Railroads of America were warned to "remember their creator" by William Jennings Bryan in addressing the national conference on lower railroad valuation here today.

Bryan, in speaking to 300 progressive leaders, said:

"Every railroad corporation should have this quotation on the top of its letterhead:

"Remember now thy creator, and then thy country, and then your life."

"Every person is put on earth to work out some purpose of the Lord, but many times man forgets he is only a creature and thinks he is a master of creation," said the commoner in a striking analogy of the country and railroads. "A lower valuation of railroads is wise," Bryan said.

While he prefers the present basis of ownership, the companies, he feared, will force the country to government ownership, because private ownership is intolerable.

But, while we have private ownership, we want it regulated insofar as possible.

### BASEBALL WRANGLE SPLITS S. D. TOWN

Dell Rapids, May 25.—Dell Rapids has been split wide open over the question of baseball. A short time ago, after a verbal exchange of accusations and denials regarding an alleged scandal in financing last year's ball team, two clubs were formed.

Practically all business interests and high officials of the town have been drawn into the argument. The old management continues to do business with the endorsement of the American Legion and former Mayor W. C. Nisbet, with a new team rallied into existence backed by Mayor L. A. Larson, recently elected, and the principal business men of the town.

Rumors say the baseball chasm is an outgrowth of the recent mayoralty election and that the defeated candidate now proposes to resurrect the political issue and settle it on the diamond. This is denied.

It is admitted, however, by those close to the former mayor that although he never was a fan he was induced to throw his support to the old baseball management in the hope of gaining political strength.

There are other complicated features in the split. The commercial club has not acted officially on the matter but most of its members are for the new team. While the rank and file of the Legion favor the old team, the officers have come out vigorously in support of the newer one. Both factions say the fight will be carried out all summer.

### FRENCH TROOPS 'KEEP HANDS OFF' IN GERMAN FIGHTS

LOOTING BANDS OF COMMUNISTS  
MARCH THROUGH RUHR  
VALLEY

FIVE WOUNDED IN A CLASH  
NEAR DORTMUND EARLY  
THIS MORNING

(By United Press)

Berlin, May 26.—Looting bands of communists marched through the industrial stronghold of the Ruhr valley today, opposed only by diminutive forces of German civil police. The French troops are "keeping hands off."

Five were wounded in a clash near Dortmund early this morning. The Reds of that district have rejected proposed wages increases and additional employees of industrial plants near the city are being urged to join the communist forces.

The workers fought with police in Bochum and five were wounded in the clash. Business places were damaged and an attempt was made to burn some of the offices. Stores were looted.

The situation appears worse today than at any time during the last several weeks. The government is hard-pressed and preventive measures consist almost solely of appeals to the French to increase police forces.

Dusseldorf trolley systems are reported out of operation and electric light plants are not functioning after the strike.

Peaceable demonstrations of workers were reported at Herne.

### TIED TO POST AND RIDDLED WITH BULLETS

Dusseldorf, May 26.—Tied to a post, riddled with bullets by a firing squad and then dispatched with a "mercy bullet" in the head, Lieutenant Schligger was executed today by the French army of occupation.

Schligger was accused by the French of being engaged in committing acts of sabotage to hinder the French in their occupation of the Ruhr valley. His was the first death penalty imposed.

At dawn they marched him to the place of execution between files of troops. He submitted to the ordeal without a motion and was tied to the post.

Owing to the daily increase of sabotage on railroads, General DeGout, commanding the French army, announced that that would be the penalty for such practices hereafter.

### ONE KILLED, 15 WOUNDED AT BOCHUM

Bochum, Germany, May 26.—One person was killed and 15 wounded today when communists attempted to compel a group of laborers to desert their work. Under pressure from communists strikes are spreading throughout the entire Ruhr valley region.

### SEARCH FOR SLAYER OF A POLICEMAN

(By United Press)  
Madison, Wis., May 26.—An army airplane and 15 auto loads of armed police and volunteers started early today to scour the lake territory in Dunne, Greene, and Rock counties in an effort to locate J. L. Whitfield, wanted in Cleveland for the murder of a policeman.

Whitfield's stolen car is believed by police to be short of gasoline, and he is thought to have headed east after he stopped at a farmhouse to ask for money 8 miles south of here. He is believed to be hiding in one of the vacation cottages on one of the small lakes near here.

Boy Scout troops of the city were  
 out in forces this morning in a parade  
 of the downtown district, where Scout-  
 master Harold Andrews put the boys  
 through their paces. The troops  
 made a fine showing, the drum corps  
 and buglers doing excellent work.  
 The parade was in preparation for  
 the Memorial Day program on next  
 Wednesday.

### THIEVES PUSHED IT FROM YARD

John Walburn, Route 2, Came to Town With His Hard Luck Story and Made Happy

Stealing cars when there is a wide awake police department in the vicinity is a precarious undertaking for thieves.

Here is the story in chronological order:

1:30 a. m. today, John Walburn, Route 2, Brainerd, discovered that somebody had taken his 1920 model Ford. Some person or persons had entered his farm during the night and pushed the car out to the Oak street road and then steamed away.

2 a. m. Walburn notified Patrolman Oscar Risberg of Brainerd. Oscar got busy immediately with a good description of the car furnished, motor and license numbers, etc. Risberg telephoned St. Cloud, Little Falls, Staples, Pine River and Crosby authorities.

2:30 a. m. Risberg telephoned the last town on his list Aitkin.

3:30 a. m. Sheriff Ike Böckenogen and Aitkin police scoured the town, found the car, arrested two occupants and lodged them in jail.

Sheriff Reid left later in the morning with warrants to bring back the men and car.

### IN MUNICIPAL COURT

One Liquor Case Disposed of, Two Non-Residents Plead Guilty to Violating Game Laws

In municipal court Saturday morning, William McLean, residing near Jenkins, was arraigned, charged with having liquor in his possession. He was found guilty and fined \$75 and costs, amounting to \$9, or sixty days in the county jail.

The arrest was made by the sheriff's office under a state license.

R. S. Ralston and William McCaw, plead guilty to fishing without a license, each being a non-resident of this state.

They were fined \$10 apiece and costs amounting to \$2 each.

A. S. Peterson, chairman of the special park committee of the Northeast Brainerd Improvement League will have a very interesting report to make in regard to securing several lots in a central part of that section for a playground and recreation park at the meeting of the League Monday evening, at the Lowell school. A MIGHTY DAY OF LIBERTY.

A MIGHTY day of liberty for evangelical christianity, and for Presbyterianism in particular, has been won by the General Assembly which has just closed its annual session at Indianapolis when it defeated Hon. William J. Bryan as candidate for the chair of moderator and elected in his stead President Charles F. Wishart, of the College of Wooster, is the view of the local pastor.

The significance of the assembly's preference stands out in clearly defined lines when all angles of the situation have been considered. The "fundamentalists" have been rallying their forces for the attack for some time, and only their over zealotness in attempting to pack the assembly by seeking to secure the election of only such commissioners as would be favorable to their program defeated their purpose. Added to this the abundance of favorable qualities and strengths which Mr. Bryan, as a christian gentleman, possesses, his outspoken and ever fearless loyalty to Christ the great Head of the Church; his unimpeachable sincerity of simple Christian faith; his blameless life and sturdy personal integrity; his burning eloquence and evangelistic fervor in the proclamation of the gospel of salvation through Christ and Christ only; the distinction of his name which hosts of Americans, irrespective of creed, take pride in—all these were considerations that in other circumstances would have made an overwhelming majority of commissioners eager to elevate him to the office for which he was proposed. There is little doubt that these qualities would have elected him to the office at the St. Louis assembly in 1919 when for the first time in the history of the Presbyterian church in the U. S. A., a layman was elected to this honor had it not been that Mr. Bryan put himself definitely out of the running by his refusal to present his credentials as a commissioner in time.

Only one thing stood against this enthusiastic honor this year—that supremely foolish obsession which sent Mr. Bryan out over this country proclaiming that all persons who accept the scientific hypothesis of evolution have repudiated the Bible and abandoned Christian faith; which by a still more amazing bewitchment induced him to violate both American and Protestant principles when he invited legislatures to forbid by law the public teaching of what he considered a heresy. There is no doubt that many who admired Mr. Bryan for his eminent excellence of character supported him despite his vagary. But the greater part of the commissioners recognized the issue and perceived that the Presbyterian church would hopelessly misrepresent itself by accepting Mr. Bryan as its leader while he was engaged in reviving the unspiritual war of religion on science. So they chose instead President Wishart, a great Christian thinker, a sterling Christian educator, a thrilling Christian preacher who in his own person is complete proof that a free mind and unfettered soul can bring forth both faith and works of a kind beyond even Mr. Bryan's suspicious doubts. And the Presbyterian church has again vindicated its love of true freedom by its refusal to be stampeded into following an obscurant leader in a time of light, however great his personal qualities may be.

#### CARELESS MOTOR HABITS

UNLESS an educational campaign shows those who drive cars that carelessness in driving endangers themselves and others, and impresses upon them the fact that with the increase in cars there is an increase in danger, the toll of lives taken by this modern convenience will be staggering.

When cars became so common that they were a menace to both drivers and pedestrians, the makers began to study safety devices, but these have been made valueless through an increase in the carelessness of drivers. When each safety device is utilized to gain speed, and invites increased risks, the device becomes non-effective.

The attitude of drivers when studied is sometimes amusing. Many think that the driver of the commercial car is guilty of recklessness, forgetting that his job is at stake because, if he is guilty of carelessness at the wheel, there will be no one found who will employ him. The same thing is true of the chauffeur who drives a car for his employer, he has a sense of responsibility which is not found in many drivers who take their own cars from the garage.

Putting the whole affair up to the insurance company is a common attitude, and owners do not like to appear in court, but expect that everything having to do with the accident will be handled successfully by the insurance company, without any annoyance to them or any notoriety resulting from appearing in court.

There is yet another cause of many accidents that has not been mentioned, and that lies in allowing young people to drive cars. There are parents who would hesitate before allowing their children to go out alone with a high-powered rifle who do not think twice about letting them run around with a high-powered car whose potentiality as an instrument of destruction of human life is greater than that of the gun, because even the irresponsible youth would be unlikely to fire off the gun in the midst of the crowd while the same youth will shoot his speeding car over the crowded streets of his home town.

America is face to face with the question, whether the automobile which has been a blessing to mankind is to be the servant of the race or its master. If a powerful engine constitutes too great a temptation to a man or a youth the temptation ought to be placed beyond his reach. A man has not the right to kill his fellows even in the name of personal liberty. No one is safe when irresponsible persons are behind the wheel, and the most careful drivers and pedestrians are endangered by those who are under the control of the engine's speed instead of controlling it.

A BUSINESS man becomes premier of Great Britain and says "I need your prayers rather than your congratulations." With business sagacity he has appraised his task and it isn't a sinecure.

THE railroads are attempting to avert a shortage of cars by planning now, which is much better than averting it when it has become a fact.

BANDITS have a chance to escape in China, and the public invites those in America to go there.

## ONE HURT AND TWO CARS WRECKED

An automobile accident occurred  
Friday night near Belle Prairie, which  
resulted in one injury and the wreck-  
ing of both automobiles in the case.

The affair happened near the point  
where the highway turns from the  
cement paving to the gravelled road,  
there being a sharp curve at this  
junction.

An automobile owned by Stanley  
Goska and carrying Mr. and Mrs.  
Goska, their baby, and Mrs. Harry An-  
derson, was traveling toward Brainerd  
when it was struck as it rounded the  
curve by a car coming from the rear,  
which is said to have been running at  
a high rate of speed and without lights.

The impact of the collision was so  
great that it threw the Goska car into  
the ditch and hurled Mrs. Anderson  
out onto the ground. She sustained  
numerous bruises and a bad gash on  
the knee. She is now in Northwestern  
hospital, where the doctors state that  
injuries are not as serious as was  
at first anticipated.

The name of the driver of the car  
which struck the Goska machine could  
not be learned at this time.

## POPPY DAYS IN BRAINERD

May the twenty-eighth and twenty-  
ninth have been set aside this year  
for "Poppy Days" in Brainerd. This  
is a time when Poppy Day is observed  
generally throughout the country.  
The drive is conducted by the Ameri-  
can Legion and its auxiliary to secure  
funds with which to carry on their  
welfare work throughout the year.  
The poppies which have been secured  
were made by disabled ex-service men  
who are doing his sort of work on ac-  
count of their physical disabilities.  
The poppy has a very great signifi-  
cance to those who saw service over-  
seas. It has been chosen as the  
national flower of the American  
Legion and the opportunity is in this  
way given for all to wear the flower  
of France that we may once again  
show that we have not forgotten  
"That in Flanders fields the poppies  
grow, between the crosses, row on  
row." A portion of the funds secured  
will be given toward a permanent  
fund which the American Legion as a  
National body is raising for the  
decoration of the 32,000 American  
graves remaining in the cemeteries of  
France. That on every Memorial day  
in the future these graves will re-  
ceive the same loving care as those  
that are within our borders. It is a  
mark of respect to wear this flower  
in their memory. Wear your poppy  
from the time you buy it thru  
Memorial Day.

In Flanders fields the poppies grow.  
Between the crosses, row on row,  
That mark our place; and in the sky,  
The larks, still bravely singing, fly.  
Scarce heard amid the guns below.

We are the dead. Short days ago,  
We lived, felt dawn, saw sunset glow,  
Loved and were loved; and now  
we lie  
In Flanders fields.

Take up our quarrel with the foe!  
To you from falling hands, we throw  
the torch.  
Be yours to lift it high.  
If ye break faith with those who die,  
We shall not sleep, though poppies  
blow.

In Flanders fields,  
—Lieut. Col. John McCrae killed in  
action Jan. 18 1918.

## You Can Enjoy Health

This picture shows one of the vertebrae slightly out of  
alignment, which is not an uncommon condition in the  
human spine. Do you see how this abnormality will seri-  
ously retard the flow of vital energy by pinching the  
nerve trunk which lies between the vertebrae?

Chiropractors call this a Subluxation and it is the cause

Remember that fruit, with its healthful mineral salts and natural light bulk, supplies just those elements most needed to regulate the body after the long winter diet of heavier foods.

Serve fruit in some form every day. It's easily and economically obtained under our plan. CO-OPERATIVE enables you to serve the very choicest fruits—whenver you want them—at truly economical cost.

A post card addressed to Dept. "H" will bring to you an interesting booklet "Dried Fruits."

## TRAGEDY OF GREEDY FIGHT MANAGERS

By HENRY L. FARRELL  
United Press Sports Editor

New York, May 26.—Two tragedies, in which Greed, as represented in a selfish manager, acted as the triumphant villain over unsophisticated youth, were enacted recently on the fight stage, and they put another blot on the history of a sport that is blotted up almost to capacity.

Floyd Johnson, the gamest youngster that ever put on a glove, and Young Jack McAuliffe, just out of the ring crib and learning how to walk, were sacrificed by managers who wouldn't take the slow and roundabout way to big money.

The case of McAuliffe is particularly tragic. His manager sold his contract the night before he was to meet Luis Firpo, the most dangerous heavyweight in the ring.

It was not enough to shove McAuliffe in the ring against a man that he had not one chance in ten thousand to beat; it was not enough to ask him to take the risk of permanent physical disability for a purse of \$7,500; it was not enough to ask him to ruin a promising career before he had hardly started.

McAuliffe's manager did all these things and then:

The night before the fight that he had got him into, he sold his contract for \$15,000, with the provision that he was to get his share of the \$7,500 purse.

Nothing quite like that has come to the surface in the history of a sport which is choked to capacity with unusual things.

Johnson's case is not so tragic, although it is sad. Out less than a year, with a good record in a number of fights, Johnson might have reached the top if he had been placed in the hands of a competent trainer and if he had been allowed to go the orthodox way of the set-ups, the trial horses and the second-raters.

Instead, Johnson was booked for an express elevator trip to the top. He was announced as a challenger of everyone of the logical contenders although he was removed by several degrees from the class of many of the second-raters.

He fought Fred Fulton and in that fight showed that he had a magnificent heart but no punch, and it was the surest thing in the world that he would have to possess a great punch to win from a man who was put down seven times by Jack Dempsey and who got up each time.

Too late Johnson turned over to Willie Lewis, once a great middleweight and now a good trainer and instructor. Lewis tried to teach him how to get his natural strength behind a punch, but the time was too short.

Johnson took a terrible beating from Willard and it took his corner six rounds to decide that they were wrong in asking a man to go out of his corner who would have kept going if he had gone to death.

Johnson got \$25,000 for his purse and he was shoved back to the ranks of third-raters. He may come back, but if he does he will have to travel the route over which he should have been started—the easier ones first, then the next and then the next.

Norma Talmadge in "Within the Law"

Can you picture the incomparable Norma Talmadge as an adventuress who specializes in breach of promise blackmail. The part gives Miss Talmadge an extraordinary chance to demonstrate her exceptional ability as an emotional actress. The heroine is a shop girl who is sent to prison for a theft she did not commit. In demanding that she get the limit, Edward Gilder, department store owner, explains that he wants to make an example of Mary. On her release, vowing vengeance, she joins a gang of blackmailers on condition that she operate only "within the law." Her specialty is breach of promise suits. How she takes advantage of an opportunity that presents itself when she meets Dick Gilder, son of her arch enemy, becomes involved in an extraordinary romance and a police frame-up, squares herself with the world and finally finds true happiness, is unfolded vividly on the screen. Jack Mulhall plays opposite Miss Talmadge as Dick Gilder, while Lew Cody is to be seen as Joe Carson, the forger. "Within the Law" which is showing at the New Park tonight and Sunday was made under the masterful direction of Frank Lloyd and is presented by Joseph M. Schenck.
